Research Interests: democratic backsliding, comparative institutions, constraining authoritarianism

EDUCATION

University of Chicago 2023
MA, Social Sciences GPA: 4.0
Thesis: “Sequencing Backsliding in Presidential Democracies: Temporal Incentives of Term Limits”
Advisor: Tom Ginsburg

East Tennessee State University 2022
BA, Political Science GPA: 4.0
BA, International Affairs
Independent Study: “Who Deserves What and Why During the COVID-19 Pandemic?”
Advisor: Wesley Wehde

QUANTITATIVE & COMPUTATIONAL TRAINING

All coursework is graduate-level unless denoted *

University of Chicago
Linear Models (A)
Causal Inference (A)
Lab and Field Experiments (A)
Quantitative Social Science (A)
Computing for Social Sciences (A)
Mathematics for Social Sciences (P – Only offered P/F)

East Tennessee State University
Advanced Quantitative Research Methods: Surveys and Experiments (A)
Applied Statistics (A)
Political Research Methods (A) *

Walters State Community College
Intro to Computer Science (A) *
Probability and Statistics (A) *

DATA MANAGEMENT

I have four years of experience cleaning, analyzing, and visualizing data in R. I have used R as a research assistant as detailed below, for my MA thesis, and for ongoing manuscripts on topics related to democratic quality around the world. I have used R for causal inference on data, for data visualization, data wrangling and cleaning, and for website projects. I am familiar with both TidyVerse and base R approaches to R programming. For a coding sample, please see my website: [political and economic development around the world using FreedomHouse and World Bank Data](#). Also see my [GitHub](#).

Programming Languages and Technical Frameworks
R (Advanced), L^AT_EX, GitHub, Qualtrics, Stata (Beginner)

RA EXPERIENCE

Tom Ginsburg's International Organizations Project, University of Chicago 2024
Managed a team of Research Assistants to collect international organization charters and code them along a set of characteristics, creating a new dataset for measuring the “democraticness” of IOs

Monika Nalepa's Transitional Justice Lab, University of Chicago 2023
Searched for personnel and criminal transitional justice events in Ecuador and Dominican Republic during authoritarian periods
Examined trends in physical repression for democratizing countries pre-transition by building graphics in R with cross-sectional time-series data

Tom Ginsburg's Comparative Constitutions Project, University of Chicago 2023
Read hundreds of national constitutions housed in the Comparative Constitutions Project to hand-code a global dataset of unamendable term limit provisions; generated descriptive statistics in R

Wesley Wehde, Welfare Attitude Survey, East Tennessee State University 2022
Used Qualtrics to program a survey experiment estimating the effect of information regarding federal COVID-19 relief programs on social welfare attitudes. Used R to generate descriptive statistics, graphics, and calculate average treatment effects for manuscripts

PRESENTATIONS

January 2022. “Exploring the Spillover Effect of Welfare Attitudes in the United States after the COVID-19 Pandemic.” Paper presented at the Southern Political Science Association Conference, San Antonio, TX.

WORKS IN PROGRESS

“Can Unamendable Term Limits Prevent Presidents-For-Life? Reconsidering Hardened Commitments to Presidential Alternation”

TEACHING EXPERIENCE

Instructional Assistant, Dept. of Political Science, University of Chicago
BA Honors Preceptor (Patricia Conley, AY 2023-2024)
Introduction to Comparative Politics (Michael Albertus & Benjamin Lessing, Fall 2023)
Introduction to American Politics (Ruth Bloch Rubin, Winter 2024)
Introduction to International Relations (Paul Poast, Spring 2024)

Teaching Assistant, Global Studies Program, University of Chicago
Global Studies I (Professor Callie Maidhof, Fall 2022)

Math Tutor, Malcolm X College in Chicago
Received “Above and Beyond Award” for excellent performance tutoring college algebra, probability, and statistics.

AWARDS AND FELLOWSHIPS

Maroon Scholar Research Scholarship , University of Chicago 1/2 MA Tuition	<i>2022</i>
Graduate Fellowship , Phi Kappa Phi National Honors Society \$8,500 (based on research statement and undergraduate academic achievement)	<i>2022</i>
Summer Research Fellowship , Honors College at East Tennessee State University \$3,500 for undergraduate research	<i>2021</i>
President's Academic Performance Scholarship , East Tennessee State University Highest undergraduate merit-based scholarship	<i>2019</i>

SKILLS

Languages

Spanish (Reading & Writing Intermediate)
